OTHER IMPORTANT INFORMATION—SEE PAGES 1 TO 3

THE CHESAPEAKE AND POTOMAC TELEPHONE COMPANY *of* VIRGINIA

ATTENTION

Please Do Not Make Telephone Calls During or Immediately After an Air Raid Alarm As It is Essential That the Lines Be Kept Free for Use by the Defense Authorities.
If Your Telephone Rings, However, Answer It Promptly.

Typical Rates from Virginia Beach to Out-of-Town Points

Day Rates apply from 4:30 a. m. to 6:00 p. m. weekdays; **Night and Sunday Rates** from 6:00 p. m. to 4:30 a. m. weekdays and all day on Sundays. Rates are for 3 minutes except on station-to-station calls of 25c or less, which are for 5 minutes.

Government tax under the Revenue Act of 1943 is as follows: On calls costing under 25c (except when made from unattended coin telephones) the tax is 15% of total charge; on calls costing 25c or more the tax is 25% of the total charge.

INFORMATION ON OUT-OF-TOWN CALLS

To make an out-of-town call give the number to your local operator if it is a station-to-station call, or ask her for "Long Distance" if it is a person-to-person call.

Here are some suggestions to help you decide whether the lower-price station-to-station call will serve your needs or whether a person-to-person call is necessary.

Station-to-Station Calls

When you want us to do nothing more than to connect you with an individual line or party line telephone or private switchboard, call the operator and tell her the city, state and the telephone number. If you don't know the number, give the operator the name and address, as for example, "St. Louis, Missouri, *Anyone* at Read's Department Store, 2100 Broad Street." The charge for a station-to-station call begins when the called telephone or private switchboard answers. See the following paragraph if you want to call either a particular person or a particular telephone or department reached through a private switchboard.

Person-to-Person Calls

When you want to be connected with some particular person or with a particular telephone or department reached through a private switchboard, call the operator. Tell her the city, state and person or department wanted, and also the telephone number and extension number if you

know them. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

Appointment or Messenger Calls

The Long Distance Operator will arrange an appointment in advance to be sure that the called party will be at the telephone when you call. A messenger will be sent to reach him if necessary.

Charges are the same as for person-to-person calls, but an additional charge is made for the messenger service.

Collect Calls

Charges for any out-of-town call will be put on the bill of the called party, if someone at the called telephone agrees to accept the charges.

If charges are to be reversed, tell the operator when giving her your call.

Charges may be reversed on toll calls to points in the United States, Alaska, Canada, Cuba, Hawaii and Puerto Rico and to coastal and harbor vessels. No additional charge is made for this service, except that a somewhat higher rate applies on station-to-station calls when the rate is 20c or less.

To Ascertain Charges

If you wish to be told the charge on any out-of-town call, ask the operator when you make the call. After you hang up the receiver, the operator will compute the charge and call you back.

OUR aim is to render a service that will be satisfactory in all respects to our patrons. We realize that difficulties will sometimes occur notwithstanding all our efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps to prevent them from happening again.

If at any time difficulties are not corrected promptly or unsatisfactory conditions persist, it will be appreciated if you bring the matter to the attention of the manager or communicate with me.

ELTON D. PETERSON, *District Commercial Manager*
120 W. Bute St., Norfolk, Va.
Telephone 21363

BUSINESS OFFICE

For all business transactions with the Company please call
your Business Office

W. W. STROUD, Manager
2111 Atlantic Avenue
Virginia Beach, Va.
Telephone Virginia Beach-12000

OFFICE HOURS

Business Offices are open from 8:30 A. M. to 5:00 P. M. daily, except Sundays.

GENERAL INFORMATION

Inquiries about telephone facilities, directory listings or advertising, adjustment of accounts, or any other matter affecting your service, should be made to the Business Office.

The Company is furnishing telephone service under limitations prescribed by the War Production Board to conserve critical materials needed for the war effort. If you want your telephone moved or a new one installed, please consult our Business Office.

Use of Directory

It is important that you refer to the directory unless you are sure you know the number you wish to call, and that you give it to the Operator correctly.

When a new issue of the directory is published, a copy will be delivered to you. As this will contain many new and changed listings, we ask that you return the old one so that mistakes in calling will be avoided.

If your directory becomes lost or mutilated, another copy can be obtained from the Business Office.

Directory Accuracy

We make every effort to have directory listings absolutely correct. When you receive a new directory, we would appreciate your checking your own listings, and if they are incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

The Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

Advertising Telephone Numbers

Those who anticipate large numbers of incoming calls, such as retail stores and professional people, find it advantageous to display their telephone numbers on advertising, stationery and other printed matter. This is wise, but we urge care in printing such quantities as will not involve a loss should a rearrangement of telephone facilities make necessary a change in the telephone number at some future time.

Identification of Employees

Employees who are authorized to examine, exchange or remove any of this Company's apparatus carry an identification card showing the name of the company, a serial number, the name and signature of the employee and the counter-signature of the General Plant Manager.

Telegrams by Telephone

If you wish to send a telegram, cablegram or radiogram, call the Western Union Telegraph Company. Charges will appear on your telephone bill.

You may also send telegrams from public telephones, depositing the charges in the coin box.

Attachments to Telephones

The Company does not sanction the use of special devices attached to its telephones, except those furnished by it. The Bell System is constantly developing apparatus and equipment designed to improve the service and we are anxious to make it available to the users. Unauthorized attachments, supposedly an added convenience, may actually be detrimental to good service.

TELEPHONE BILLS

Telephone bills are payable when received, and should be presented when payment is made.

Remittances made by mail should be addressed to the Business Office, and should be accompanied by the bill stub. If the stub has been mislaid, the telephone number should be noted on the check.

Where Bills May be Paid

Bills may be paid at the Business Office, 2111 Atlantic Avenue, and at the National Bank of Commerce (Virginia Beach Branch).

Billing Dates

Telephone bills are dated the 19th of each month and are mailed a few days later.

Period Covered by Bills

Local service charges are billed for one month in advance of the billing date. Out-of-town calls

and telegrams are billed for one month prior to the billing date.

Bills to New Subscribers

These will include charges from the date service begins up to the billing date and installation charges, as well as the advance monthly charge described above.

Advance payments are applied to the bill; deposits are normally retained until disconnection of the service.

Bills Following Changes in Service

The first bill will include an adjustment between the old monthly billing charge and the new, from the date of the change to the billing date.

Busier Than Ever

This country has the best telephone equipment in the world and this equipment has extra margins for growth and emergencies. Both the growth and the emergency are here. The margins are being used.

The Bell System has two things that help a lot these days. It has experienced manufacturing facilities and a dependable, nation-wide distributing organization.

Both are handled within this System by Western Electric, makers of your Bell Telephone and its related apparatus. This has been a good policy for a generation. Never have its benefits been so clear as right now when the country is under pressure.
